stance taken against the American people by their news media is about to get worse! For as the crushing weight of lies begin to be revealed to a slowly awakening American populace, the “mainstream” media is about to slam the door closed on these people from knowing even the most basic of truths of what is happening in the World around them, and as best articulated by News Corporation chairman Rupert Murdoch who said on Friday “*We intend to charge for our content on the Web, as I’ve said many times in the past good journalism comes at a price.*” Murdoch is not alone either, far from it, as the “*master-plan*” envisioned by these elite monsters for the Internet is to, literally, price the ordinary American out of the market for news and information and keep them placated by a constant barrage of meaningless and trivial infotainment based on emotionally driven stories designed for no other purpose than to keep them ignorant and uninformed. truth isn’t worth that? Really? Well let me tell you something, that 11 Cents doesn’t even come close to covering the bandwidth cost alone you use when you visit TwoWitnessMinistries.Com, let alone server costs, security costs, news costs, information costs, labor costs, and too many other associated costs to mention. The “*mainstream*” propaganda news sites are created for no other purpose than to keep you as uninformed and stupid as possible. **Support the American Matrix & Deprogrammer today!**
